

Introduction to e-Giving

To give electronically to Heartland Church of Christ, <https://heartlandchurchofchrist.iswhereigive.com> is the place to go. You will see a login screen first. If this is your first time, “Click here” to set up your giving account by entering your email and creating your password.

1. You will receive an e-mail confirmation within a few minutes from Where I Give with the subject: Heartland Church of Christ Account Verification. Click on the link in that email.
2. Where I Give then sends an e-mail to the Heartland administrator to approve your user account.
3. When your account is approved (usually within a few hours), you will receive an e-mail with the subject: Where I Give Account Activated by Administrator. You can use the link in that e-mail to login to complete your registration. If there is an extended delay, contact Yolanda or Vickie.
4. When you log in, you will see “Terms of Use”
 - a. By clicking the "I Agree" button below, I authorize "Heartland Church of Christ" to process debit entries to my account through "Where I Give". This authorization will remain in effect until I give reasonable notification to terminate this authorization. This notification must be given at least 24 hours before termination takes place. This notification can be made through the "Where I Give" web application.
 - b. Click “I Agree” – then you will see:
 - i. **Notice:** Your schedule will not run until you fill in your bank details. [Click Here](#) to go to your banking info.
 - ii. Click it and enter bank information.
 - iii. Save your bank information
5. Click the “Donate” tab at the top when you are ready to process a donation. If you wish to set up automatic recurring donations follow the steps below:
 - a. Weekly and Monthly are self-explanatory. For this website, Bi-Weekly means twice a month. You can select the schedule you want and then choose the day of the week or date(s) of the month you want.
 - b. Then select the amount you want to donate and choose the category from the drop-down list. If you want to donate to more than one category, enter the first amount & category, then click “add split” to enter the second amount/category.
 - c. Each category amount will show as a separate withdrawal from your bank.
6. To see a history of your online donations, click the “History” tab at the top.
7. If you ever need to change your bank information, overwrite the information on the “Bank” tab and click “Save Bank Info”.

Where I Give does not take donations by credit card; the administrative cost for that process is higher- 2% or more of the amount you donate. With ACH transactions, the cost to the church is just 37 cents per donation category.
